Forecast for Sunday 18 Jul 2021

Weather: Extensive low cloud and some patchy light rain through the morning period. Cloud thinning and breaking from early afternoon from the north, but the southwest of the area may not clear until late afternoon, if at all. Becoming warm in the sunshine, but a cooling wind at height.

Chance of cloud free mountain/hill tops above 800m: 50%

Visibility: Poor in extensive low cloud down to 400 metres, this breaking from the north in the afternoon. Otherwise becoming very good with good air clarity.

**Level above which ground is expected to be frozen/snow is expected to settle.*

Met Office Aberdeen Meteorologist's View
Best conditions towards the north and east of the region. The Cuillins may hang onto low cloud all day, especially around south facing slopes. Torridon and An Teallach may take well into the afternoon to clear up.

Forecast for Monday 19 Jul 2021
Weather: A little patchy low cloud across the north at first, otherwise dry and sunny. Warm.

Maximum wind: Westerly 15 mph

Chance of cloud free mountain/hill tops above 800m: 90%

Visibility: Very good with good air clarity, some patchy cloud down to 700 metres at first

Temperature: **Glens:** Plus 7, rising to 22 Celsius inland, and 18 Celsius around the west coast.
At 800m: Plus 10 Celsius
Freezing level: Above summits
